

Installation Instructions

Hard Door Storage Bag for Jeep® Wrangler

Item #13110001

Parts List:

Hard Door Storage Bag - QTY 2

Required Tools: For Door Removal

Safety Glasses

T40 Torx Wrench (07-Current JK Wrangler)

Adjustable Wrench (1976-2006 CJ & Wrangler)

⚠ CAUTION ⚠

RISK OF EYE INJURY: Safety glasses should be worn at all times while installing or maintaining this product.

RISK OF INJURY: Use caution at all times while lifting and carrying hard doors in storage bags.

Jeep® Hard doors can weigh in excess of 50 lbs each.

Always bend your knees when lifting.

To avoid potential injury, we recommend two people lift each door.

Important Safety information

Your MasterTop® Hard Door Storage Bag is intended to store and protect your full steel hard doors from being damaged. Before installation, please take a moment to review the following safety information and installation instructions. Important safety information is generally preceded by one of three signal words indicating the relative risk of injury. The signal words mean:

⚠ WARNING ⚠

A hazardous situation which, if not avoided, could result in death or serious injury.

You CAN be KILLED or SERIOUSLY HURT if you don't follow instructions.

⚠ CAUTION ⚠

A hazardous situation which, if not avoided, could result in minor or moderate injury.

You CAN be moderately HURT and also may suffer property damage if you don't follow instructions.

NOTICE

Careful attention is required to this instruction or operation but does generally not relate to personal injury.

Damage to your MasterTop product or other property may result if you don't follow instructions.

Before you begin Installation:

We are excited that you have chosen the MasterTop Hard Door Storage Bag! This high quality storage solution is designed to provide storage and protection of your removable Hard Doors. Please note that it is important that you become familiar with the installation process of this top by reading the following instruction sheet and warnings thoroughly. Though we have used only the finest materials in creating this cover, any product that is exposed to the elements requires some general maintenance to keep it looking like new. Please see page 4 for these important maintenance tips. Please also note that it is normal for fabric to contract and wrinkle when stored in the shipping carton. In a few days the fabric will relax and wrinkles will disappear.

Before you begin Installation:

When unpacking, check to make sure all parts are included.

If any part is missing or broken, please call MasterTop® customer service at 720-575-5440.

Prepare Door Removal Before Use of Hard Door Storage Bag:**Step 1a: For 07-Current JK Wrangler**

Preparing your Hard Doors for removal. Put on safety glasses. Roll the door windows down completely.

Fold in the mirrors flat to the vehicle. You will need to disconnect the electrical connection to your doors. Locate the quick disconnect door electrical connectors under the dash for front door removal (see FIG 1) or behind the panel near the front passenger seat belts for rear door removal. Disconnect the connector by sliding the red tab down or to the side (depending on model year) while pulling down. See Fig 2.

Remove the door nuts under the door hinges using a T4 Torx wrench. See Fig 3.

Slip the door security strap off the pin inside the door. See Fig 4.

**Step 1b: For 1976-2006 CJ & Wrangler**

Preparing your Hard Doors for removal. Put on safety glasses. Roll the door windows down completely. Fold in the mirrors flat to the vehicle.

Remove the door nuts under the hinges using an adjustable wrench being careful not to scratch your paint. See Fig 5. Slip the door security strap off the pin inside the door. See Fig 6.

NOTICE

On some models of 87-95 YJ Wranglers and all 97-06 Wranglers there will be an exposed dome light button that will be engaged when you remove your doors. If this dome light button is not disabled, your dome light will be permanently on and you will eventually drain your vehicles battery. There are aftermarket dome light switch clips available for 97-06 to hold the button in the off position or you can remove the dome light fuse. See your owner's manual to determine which exact fuse to remove.

Door Removal and use of Hard Door Storage Bag:

FIG 7

Slip door bag on door while the door is still on the vehicle, lining up the slant in the bag with the slant in the door. Notice the top & bottom handles.

Step 2: Install Door Storage Bag

With the door still on the vehicle, open the door wide enough to work all the way around the door.

Notice: Make sure you do not open the door too wide as you have removed the security strap. The door can swing open and damage your vehicle!

Un-zip the storage bag and slip it over the door lining up the slanted side of the bag with the slant on the door. Zip the bag closed as far as possible. See fig 7

NOTICE

Make sure you do not open the door too wide as you have removed the security strap. The door can swing open and damage your vehicle!

FIG 8

Step 3: Remove Door with Bag Installed

With the Storage Bag installed, carefully lift your door out of the door hinges using the two handles as shown in Fig 8.

Note that in some cases the door will need to be moved forwards and back while lifting to work the door pins out of the door hinges. Once the door is removed, finish closing the zippers completely.

CAUTION

Full Hard Doors can weigh up to 50 pounds each. Use care in removing your doors to ensure you can handle the weight and avoid injury. Always bend your knees when lifting a heavy object. It is highly recommended that you have a second person help you remove your hard doors to limit the possibility of a lifting injury!

Door Removal and use of Hard Door Storage Bag:

Step 3: Carrying Door with Bag Installed

Your Hard Door Storage Bag includes a “handy” handle strap to make transporting your hard doors easier.

To carry the loaded storage bag, with the handle facing up carefully lift the bag by the handle cradling the top of the bag under your arm for stability using the top handle as a way to stabilize the bag. See Fig 9.

Always store your Hard Door upright standing on the ground safely leaning against a wall.

CAUTION

Full Hard Doors can weigh up to 50 pounds each. Use care in removing your doors to ensure you can handle the weight and avoid injury. Always bend your knees when lifting a heavy object. It is highly recommended that you have a second person help you remove your hard doors to limit the possibility of a lifting injury!

Care and Maintenance of your Hard Door Storage Bag:

Your MasterTop Hard Door Storage Bag is made of the finest materials available but to keep it looking new and for the maximum possible wear, it will need periodic cleaning and basic maintenance. The main threat to your Hard Door Storage Bag is pollutants, dirt and grime. By keeping your soft top clean you will prolong the life of your product. We recommend the following to keep your cover like new:

Washing:

The fabric should be washed often using a mild soap, warm water and a soft bristle brush. You can also use special soft top cleaners available on our Distributors websites. Make sure that after cleaning you rinse with clear water to remove all traces of soap to avoid residue. Air Dry. Do not put in dryer.

Water/Fabric:

In the event of seeping through the seams, 3M Scotchgard® may be applied on the inside of the seams to stop the seeping. Rips in the fabric may be repaired with Bondex® iron on patches. Iron the patches to the Inside of the top, carefully following the Bondex® instructions.

Zippers:

Keeping the zipper cleaned and lubricated with a silicone lubricant (available online) will help prevent damage and keep the zippers in a smooth working condition. If zipper opens behind the slider, the slider may have been spread apart. This problem can usually be fixed by using an ordinary pair of pliers to bring the sides back into parallel. Return slider to the end of the zipper in the normal Open position. Squeeze lightly at first and test zipper. If the zipper continues to remain open squeeze more firmly with pliers and try the zipper again. Repeat procedure until your zipper operates correctly.

Limited 3 Year Warranty

Your MasterTop® accessory is covered by the following Limited Warranty provided exclusively by MasterTop, Inc., 420 J Corporate Circle, Golden, CO 80401.

This Limited Warranty is the only warranty made in connection with your purchase. MasterTop neither assumes nor authorizes any vendor, retailer or other person or entity to assume for it any other obligation or liability in connection with this product or Limited Warranty. This Limited Warranty does not apply and is not cumulative to any accessory or part distributed by any MasterTop distributor for which the Manufacturer provides a separate written warranty.

What is Covered: Subject to the terms, exclusions and limitations herein and with respect only to MasterTop branded accessories first sold in the United States, MasterTop warrants to the initial retail purchaser only that your MasterTop accessory shall be free of defects in material and workmanship; **for a period of 3 years from date of initial retail sale.**

All other warranties are hereby disclaimed, except to the extent prohibited by applicable law in which case any implied warranty of merchantability or fitness for a particular purpose on this product is **limited to 3 years from date of initial retail sale.** MasterTop reserves the rights to: (a.) require invoice or other proof your product is within the terms of this Limited Warranty as a condition of warranty service and, (b.) make future revisions to this product and Limited Warranty without prior notice or obligation to upgrade your product.

What is Not Covered: Your MasterTop Limited Warranty does not cover products or parts MasterTop determines to have been damaged by or subjected to: (a.) installation damage, alteration, modification, failure to maintain or attempted repair or service by anyone not authorized by MasterTop, (b.) normal wear and tear, cosmetic damage or damage from water immersion, (c.) Acts of God, accidents, misuse, negligence, inadequate mounting or impact with vehicle(s), obstacles or other aspects of the environment, (d.) theft, vandalism or other intentional damage, (e.) fleet, rental or commercial use, (f.) use in competition or racing.

Remedy Limited to Repair/Replacement: The exclusive remedy provided hereunder shall, upon MasterTop inspection and at MasterTop's option, be either repair or replacement of product or parts (new or refurbished) covered under this Limited Warranty. Customers requesting warranty consideration on MasterTop Products should first contact MasterTop to obtain a RGA number (720-575-5440). All labor, removal, shipping and installation costs are customer's responsibility.

Other Limitations - Exclusion of Damages - Your Rights Under State Law:

In consideration of the purchase price paid, neither MasterTop nor any independent MasterTop distributor /licensee are responsible for any time loss, rental costs, or for any incidental, consequential, punitive or other damages you may have or incur in connection with any part or product purchased. Your exclusive remedy hereunder for covered parts is repair/replacement as described above.

This Limited Warranty gives you specific rights. You may also have other rights that vary from state to state. For example, some states do not allow limitations of how long an implied warranty lasts and/or do not allow the exclusion or limitation of incidental or consequential damages, so the limitations and exclusions herein may not apply to you.
